Subject: BB Wildlife Report status

All - I had a talk with Phil Brna today. He is working on the revised wildlife report and thinks it is in pretty good shape. He is going to send us what he has this week so we can start our second review. It may be missing some sections (he mentioned the exec summary and waterfowl sections) - he committed to getting us the final, complete report by 1/16.

Judy - They have an endnote database that I hope you'll eventually be able to help them upload. Lori Verbrugge is the contact on that, even though she has been pulled off the BB project.
